Evergreen

28th January 2022

Dear CSR Committee

Thank you for your letter which we received on 28th January 2022.

We have had contact with several other shipping companies from Asia and Europe who have had similar problems with AWPT using Hteedan, which it manages, when its own berths are full.

All of these other companies instructed AWPT not to assign their ships to Hteedan. AWPT agreed to do so. It has not caused any significant problems.

If other shipping companies can do this there is no reason Evergreen cannot. If you can give us an undertaking, as other companies have, that you will instruct AWPT not to assign your ships to Hteedan, we will remove Evergreen from our 'Dirty List'.

We look forward to hearing from you.

Yours sincerely
